ANGOLAN MONEY TRANSFER

Business operations & services

- African Money Transfer (AMT) is the associate company of Capital IFX (CIFX), one of the UK's leading currency exchange services.
- Established in 2004, CIFX has traded over £1 billion in currency to date.
- We provide businesses and private clients with a preferential exchange rate over those offered by the banks.
- We follow regulated and stringent anti-money laundering protocol.
- All clients' funds are safeguarded by using segregated client accounts.
- We have offshore accounts to help protect our clients' interests
- We have a strong presence in Africa. We are looking to develop our business by opening offices in Angola.

Business Development in Africa

- CIFX is the FX Broker to a large number of money transfer companies and commercial organisations.
- Specialising in Africa, CIFX is a market maker of some of the continent's main currencies, including Nigeria, trading up to USD 1 million a day.
- CIFX have been approached by MoneyGram with whom we work in Nigeria, to act as a market maker in Africa.
- Angola, like other countries, has a disparity in demand and supply of currency.
- AMT is looking for established companies or institutions to become our partners in Africa.
- This business opportunity is substantial and extremely profitable; our client is willing to pay a premium on the currency exchange.
- AMT is also looking to develop a currency 'matching service' to companies or individuals who are looking to either exchange funds in Africa, and have them released overseas, or have funds sent to Africa and deposit the funds via our offices in Dubai and Cyprus.
