## What is AFC?

---

The Angola Fish Company is a wholesale and retail operation based in Luanda. We offer a wide variety of local frozen fish for both the domestic and export market.

## Fresh Focus

---

Our focus is on providing top quality fish delivered straight from the ocean to market. We offer both retail and wholesale packaging, according to the client's needs.

## A Wider Net

---

We plan to develop our own EU approved processing plant by 2017/18. This will allow us to expand our distribution network, creating new opportunities for the local fishermen and the surrounding community.

WAD Group is the holding company for a select collective of subsidiaries which operate across various business sectors. Information on each individual company along with specific services on offer can be found by visiting [wad-group.com](http://wad-group.com)
